

Mine Waste Management Plan 2020

October 2020

Mine Waste Management Plan (October 2020)

Appendix A	Geology Report
Appendix B	Paste Backfill Report
Appendix C	Geochemistry Characterisation Report October 2020
Appendix D	NI DOE Planning Unit Questionnaires
Appendix E	Peat Management Plan
Appendix F	Peat Landslide Hazard Risk Assessment
Appendix G1	2017 Mine Waste Facility Technical Design Report
Appendix A	2015-2016 Geotechnical Investigation Report
Appendix B	Greens Creek Case Study
Appendix C	Extracts from Mount Polley Independent Review Report
Appendix D	Slope Stability Analysis Results
Appendix E	Sample Operations Manual Table of Contents
Appendix G2	2019 Addendum Mine Waste Facility Technical Design Report
Appendix A	Results of Geotechnical Testing of Tailings and Waste Rock
Appendix B	Updated Slope Stability Analysis Results
Appendix C	OMS Manual Update
Appendix G3	Second Addendum Mine Waste Facility Technical Design Report 2020
Appendix A	Results of Geotechnical Testing of Tailings
Appendix B	Curraghinalt MWF (DSF) – Stability Analyses
Appendix C	Dry Stack Facility Filter Assessment
Appendix H	Conceptual Closure Plan
Appendix I	Groundwater Impact Assessment
Annex A	Groundwater Baseline Report
Annex B	Addendum to the Groundwater Baseline Report

- Annex C** 2019 Groundwater Monitoring Report
- Annex D** Numerical Groundwater Model Report
- Annex E** DSF and Pond Seepage Review
- Annex F** Derivation of site-specific groundwater target limits

Appendix J

Surface Water Impact Assessment

- Annex A** Site Wide Water Balance
- Annex B** Calculation of Proposed Discharge Criteria - Owenreagh
- Annex C** Calculation of Proposed Discharge Criteria - Owenkillev
- Annex D** Treatment Systems

Appendix K

Draft Surface Water and Groundwater Monitoring Plan (October 2020)
