Dear Programme Officer

Re: Curraghinalt Project (Dalradian) - Public Local Inquiry – Transboundary Consultation

The Department can now advise that the transboundary consultation period pursuant to regulations 27 and 29 of the 2015 and 2017 Planning Environmental Impact Assessment Regulations (NI) respectively, concluded on 23 of April 2025. The Department is currently collating and reviewing the responses, with circa 1,500 responses currently received.

It is intended to provide the planning appeals commission with these responses electronically by 16 May 2025. In addition, a list of names and addresses (if provided) will be sent along with a submission highlighting any issues raised in the responses.

Before any information is sent, should the commission have any queries about the format of the information to be sent please advise accordingly to avoid any unnecessary delays in the transfer of the transboundary consultation information.
