

7	40	Para. 6.25	Amend wording and figures to reflect new HGI (Sept 2019) and to reflect updated completions (between 2016 and 2019).	The scale, type, uses and form of development in settlements will reflect their role as employment, retail and service centres, their level of accessibility, and environmental and infrastructure constraints. Table 4 (below) indicates the overall strategic allocation of land for housing within our settlements to meet our housing need. Taking into account completions since 2015 <del>6</del> , this leaves a balance as at April 2019 of 2,660 <del>608</del> of the -4,300 new homes provision by 2030.	N/A
