

Fermanagh & Omagh Local Development Plan
Draft Plan Strategy 2030
MATTERS ARISING

Week 4: 1st – 2nd March 2022

Date - Tuesday 1st March 2022

Topic 14: Minerals Development

Matter arising (MA008)

During the hearing session, the Commissioner asked the Council to supply a copy of a document dealing with the definition of mineral for planning purposes:

Response:

- As agreed today, see attached paper referred to this afternoon. The relevant definition is set out on page 1 and 2. [[Commission reference MA008](#)].

Date - Wednesday 2nd March 2022

Topic 14: Minerals Development

Matter Arising (MA009 & MA010)

Mr Patrick Haughey made reference to documents as part of his contribution which the Commissioner asked him to provide to the Commission to display for transparency:

Response:

Please find attached some information I referred to in my response today.

- Best Available Techniques (BAT) Reference Document for the Waste Management from Extractive Industries [[Commission reference MA009](#)]; and
- Guidelines on Financial Guarantees and Inspections for Mining Waste Facilities [[Commission reference MA010](#)].

Matter Arising (MA011)

Following discussion regarding FLD06: Development in Proximity to Controlled Reservoirs, the Council and Rivers Agency were to consider amending the wording:

Response from the Council:

- As discussed with Commissioner on Wednesday see attached amended wording for FLD 06 which we have agreed with Rivers agency [[Commission reference MA011](#)].
